Referee Meeting

If you would like to sign up to be a referee, please call our phone line at 864-3941 or send us an e-mail at kickers@schervillesoccer.org with your name, date of birth, current division, and number of years experience playing soccer.

Referee positions are filled on an as-needed basis. After teams are sorted for the season, our Director of Referees will begin to prepare for how many refs we will need to cover the season. Only if there are not enough returning referees will new referees be contacted to fill in the openings.

If you have been contacted by our Director of Referees, you must attend one of the meetings.

For the Spring season the meetings are typically scheduled in late March, early April depending on the season start date.

For the Fall season, the meetings are typically scheduled in late July, early August depending on the season start date.
